

Add a Daystar account to iPhone, iPad, or iPod touch

1. Go to **Settings** > **Mail**, then tap **Accounts**.
2. Tap **Add Account**, tap **Other**, then tap **Add Mail Account**.
3. Enter your name, email address, password, and a description for your account, then tap **Next**.
4. Verify that IMAP is selected at the top of the window, then enter the following information for the Incoming Mail Server fields:
 - Enter `imap.daystar.io` in the Host Name field.
 - Enter your complete email address in the User Name field.
 - Enter your email password in the Password field.
5. Enter the following information for the Outgoing Mail Server fields:
 - Enter `smtp.daystar.io` in the Host Name field.
 - Enter your complete email address in the User Name field.
 - Enter your email password in the Password field.
6. Tap **Next**. If your email settings are correct, tap **Save** to finish. If the email settings are incorrect, you'll be asked to edit them.
